

IMPERIAL AUTO INDUSTRIES LIMITED

Imperial Auto Industries Limited is India's largest integrated manufacturer and assembler of Fluid Transmission Products covering the entire spectrum including flexible high-pressure assemblies, metal tubular assemblies, and low-pressure hose assemblies.

The organization was established as a small-scale enterprise in 1969 in Faridabad, India. Today it has a global setup with over 20 facilities across India and another 3 outside India. The organization continues to grow and expand its operations continuously.

MOBILE MEDICAL VAN PROJECT

Mobile Medical Van's main objectives are to offer a range of preventative and curative services and to make referrals easier. The beneficiaries are receiving free, prompt treatment with all facilities by operating the MMV in the project locations. PHDFWF and Imperial Auto Industries' mobile medical van is a lifesaver for those who are unable to seek out appropriate care. Since June 2023, PHDFWF has been serving for the underserved local communities in Faridabad by organizing general and eye and dental examination camps through the mobile medical van project supported by Imperial Auto Industries Limited.

SN	PROJECT NAME	PROJECT STARTED	NO. OF TOTAL CAMPS FROM THE PROJECT INCEPTION	TOTAL BENEFICIARIES SERVED FROM THE PROJECT INCEPTION

2	PHDFWF- Imperial Auto Industries -Eye and Dental Van	June 2023	10	597
	TOTAL		20	1378

GENERAL HEALTH CHECK UP CAMPS

This health care project was able to involve the local communities and conduct free health checkup camps and reached to all needy individuals. During the camps, communities also have access to free medicines, diagnostic services, and medical consultation. This project aims to bring healthcare to people's homes, especially in rural, disadvantaged, and underserved areas. This healthcare service is very required in the ground level for the needy people for their healthy life.

EYE AND DENTAL CHECK UP CAMPS

The eye and dental care project deliver free treatment and medications to the marginalized communities who either resided or worked in adjacent areas and couldn't afford to have conventional hospitals do medical, eye, or dental check-ups. PHDFWF and Imperial Auto Industries's Eye & Dental mobile medical van has been diagnosing of needy patients by organising free eye and dental check-up camps including dental screening, scaling and filling, diagnostic treatment, free medicines, spectacles, etc. under the project.
